

Bossier Parish Community College
Master Syllabus

Course Prefix and Number: HCOR 1200

Credit Hours: 3

Course Title: Introduction to Anatomy and Physiology w/ Medical Terminology

Course Prerequisites: None

Textbook: Body Structures and Functions. 13th ed. (2019). Scott & Fong. Cengage Learning.
ISBN: 9781337907545

Course Description:

Identification of the organs and basic functions of the human body and disorders as it relates to each system with medical terminology integrated with each body system. Analyzing and combining prefixes, root words, and suffixes to spell, use and pronounce medical terminology correctly and recognize medical terms is included in the course. Medical abbreviations are also included.

Learning Outcomes:

On completion of this course, the student should be able to perform the following with a proficiency that complies with the minimum standard of industry:

- A. List terms and definitions related to body structure and function.
- B. Identify the general organization of the body, including the body cavities and quadrants.
- C. Explain basic structure and functions of the major body organs and systems and common disorders associated with each.
- D. Identify commonly used medical abbreviations and terms associated with each major body system by analyzing their components, prefixes, root words and suffixes.
- E. Define medical prefixes, root words, suffixes, and abbreviations.
- F. Combine prefixes, root words, and suffixes to develop medical terms.

Course Requirements: Complete all homework assignments, in-class equipment exercises, in class tests and final exam.

Course Grading Scale:

90-100 = A

80-89 = B

70-79 = C

60 – 69 = D

0 – 59 = F

Attendance Policy: The college attendance policy is available at:
