

Bossier Parish Community College
Master Syllabus

Course Prefix and Number: MATH 254

Credit Hours: 3-3-0

Course Title: Differential Equations

Course Prerequisites: A grade of “C” or higher in MATH 253

Textbook(s): Nagle, Ken, Fundamentals of Differential Equations, 9th edition. Pearson, 2018. ISBN: 9780134768748.

Course Description: Topics include Separable differential equations, linear constant coefficient differential equations (homogenous and nonhomogeneous). Laplace Transforms, series solutions, linear systems, Euler’s methods.

Learning Outcomes:

At the end of this course, the student will:

- A. solve first order differential equations using several methods;
- B. use Laplace Transforms to solve differential equations;
- C. use series solutions and numerical methods to solve differential equations; and
- D. solve second order differential equations using several methods.

To achieve the learning outcomes, the student will or will be able to:

(The letter designations at the end of each statement refer to the learning outcome(s).)

- 1. solve first order Differential Equations by making them be exact; (A)
- 2. solve first order Differential Equations by using an integrating factor; (A)
- 3. solve first order Differential Equations by making an appropriate substitution; (A)
- 4. determine the Laplace Transforms of a function by integration; (B)
- 5. determine the Laplace Transforms of a function by using a table; (B)
- 6. determine the inverse Laplace Transforms of a function; (B)
- 7. rewrite a Differential Equations as a sum of Laplace Transforms; (B)
- 8. rewrite a Differential Equations as a sum of infinite series; (C)
- 9. adjust the index of an infinite series as necessary; (C)
- 10. write the series approximation of the solution of a Differential Equation; (C)
- 11. use reduction of order method to solve Differential Equations; (D)
- 12. use differential operator to solve Differential Equations; (D)
- 13. find eigenvalues; (D) and
- 14. use eigenvalues and eigenvectors to solve a Differential Equation. (D)

Course Requirements: All students are required to take a comprehensive final exam.

Course Grading Scale:

- 90 – 100 = A
- 80 – 89 = B
- 70 – 79 = C
- 60 – 69 = D
- 0 – 59 = F

Attendance Policy: The college attendance policy is available at <http://www.bpcc.edu/catalog/current/academicpolicies.html>

Revised: 10/31/2018

Course Fees: This course is accompanied with an additional non-refundable fee for supplemental materials, laboratory supplies, software licenses, certification exams and/or clinical fees.

Nondiscrimination Statement: Bossier Parish Community College does not discriminate on the basis of race, color, national origin, gender, age, religion, qualified disability, marital status, veteran's status, or sexual orientation in admission to its programs, services, or activities, in access to them, in treatment of individuals, or in any aspect of its operations. Bossier Parish Community College does not discriminate in its hiring or employment practices.

COORDINATOR FOR SECTION 504 AND ADA

Angie Cao, Student and Disability Services Specialist

Disability Services, F-254

6220 East Texas Street

Bossier City, LA 71111

Phone: 318-678-6511

Email: acao@bpcc.edu

Hours: 8:00 a.m.-4:30 p.m. Monday - Friday, excluding holidays and weekends.

Equity/Compliance Coordinator

Teri Bashara, Director of Human Resources

Human Resources Office, A-105

6220 East Texas Street

Bossier City, LA 71111

Phone: 318-678-6056

Email: tbashara@bpcc.edu

Hours: 8:00 a.m. - 4:30 p.m. Monday - Friday, excluding holidays and weekends.
