

MEMORANDUM OF UNDERSTANDING
BETWEEN
NORTHWESTERN STATE UNIVERSITY OF LOUISIANA
AND
BOSSIER PARISH COMMUNITY COLLEGE

Northwestern State University of Louisiana (NSU) and Bossier Parish Community College (BPCC) have agreed to enter into a Memorandum of Understanding for an articulation program between the two institutions. The articulation program will allow students to complete the Associate of Science in General Science at BPCC and transfer all credit hours as designated to NSU for completion of the Bachelor of Science in Radiologic Science degree. Students transferring to NSU may complete the last two years of their course work at NSU. Both institutions serve constituency needs and are responsive, student oriented institutions that prepare the students to become productive members of society as well as promote the academic development and improvement in the quality of life of citizens in their regions.

This partnership is mutually beneficial to both institutions for several reasons. Traditional and non-traditional students attending BPCC will have the opportunity after earning the Associate of Science degree in General Science at BPCC to transfer to a Bachelor of Science in Radiologic Science that will accept BPCC credits. NSU will have the opportunity to accept students into the BS in Radiologic Science who are well prepared with foundation course work.

Both the University and the College are accredited by the Southern Association of Colleges and Schools.

Both the University and the College have full-time faculty with advanced academic and professional credentials and both have support resources (i.e., library, on-line access, service courses, and adequate administrative-faculty-staff backup).

In accordance with this Memorandum of Understanding, Bossier Parish Community College agrees to:

Provide academic advising to students who plan to transfer to NSU according to the listed agreements.

Have BPCC students who intend to transfer to NSU sign the Intent to transfer form and mail the completed form to NSU.

Provide students the opportunity to obtain the BPCC credit hours as listed in the Memorandum of Understanding between NSU and BPCC.

Provide transferring students assistance in completing a NSU BS in Radiologic Science Application for admission into the BS in Radiologic Science program.

Provide information about the Articulation Agreement in the Bossier Parish Community College General Catalog.

Jointly market the articulation agreement with NSU.

In accordance with this Memorandum of Understanding, Northwestern State University agrees to:

Receive and maintain "Intent to Transfer" forms from BPCC students and honor the agreement regarding academic catalog in effect on the date of the student's signature and the NSU confirmation signature.

Accept Bossier Parish Community College credit hours as listed in the Memorandum of Understanding between Northwestern State University and BPCC.

Provide BPCC with copies of the Application for Admission into the BS in Radiologic Science program and other advising materials.

Provide information about the Articulation Agreement in the Northwestern State University catalog.

Jointly market the articulation agreement with BPCC.

By signature of President Randall J. Webb, Northwestern State University and signature of Chancellor Jim Henderson, Bossier Parish Community College, this Articulation Memorandum of Understanding is entered into on the _____ of March, 2012.

This agreement may be revised only with the signatures of the leaders of both institutions.
